

1 DAY 450+ SUPPLIERS

PURE MICHIGAN AEROSPACE SUMMIT

APRIL 10, 2019 - DETROIT, MI

**Connect with qualified Michigan aerospace suppliers at
the state's largest aerospace matchmaking event!**

Why Attend?

Is your company looking for qualified suppliers, partners, services, and/or technology? Please join us for this dynamic event where we connect you to qualified suppliers based on your company's most immediate needs. This opportunity will feature approximately 24 global entities meeting with upwards of 450 suppliers who will be networking and meeting throughout the day. Prior to the event, summit organizers analyze your company's needs and commodities, and search the state's aerospace supply base to identify and recommend the most appropriate suppliers to meet with.

Michigan's Aerospace Industry

- Top 10 state for aerospace manufacturing attractiveness and supply chain expansion.
- 9 of the 10 largest aerospace/defense R&D firms have a presence in Michigan.
- More than 600 companies in Michigan contribute to the aerospace/defense industries. Pratt & Whitney, GE Aviation, Arconic, Hutchinson, Parker-Hannifin, and Eaton Corporation call the state home.
- Michigan had nearly \$4 billion in sales in the aerospace defense industries in 2017; 6th highest total sales in the Midwest.

Included Services

- Exclusive access to Michigan's aerospace supply base
- Pre-qualified schedule of 1:1 meetings
- Dedicated walk-up table
